SUBJECT: Results of Water Analysis for Deeth Drill Hole 1030-39 DATE: July 2, 1981

TO: H. J. Olson, H. D. Pilkington, A. L. Lange

FROM: J. E. Deymonaz

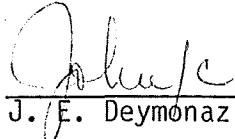

Listed below are the analytical results from water samples taken while drilling hole 1030-39 at various depths. Analytical results of waters from the Termite Mound (TMHS) hot springs and two hot springs four and five miles south of 1030-39 along the Mary's River (MRHS-1 and MRHS-2) are also given for comparison.
