

INTER-OFFICE MEMORANDUM

SUBJECT: Dixie Valley (903) Thermal Gradients

DATE February 6, 1979

TO: Files

FROM: H. J. Olson

According to Mark Alldredge two wells on the Bartlett property on the NW side of the Dixie Valley federal lease applications have the following thermal gradients assuming a mean annual temperature of 18°C:

Depth		Bottom Hole	Temperature	Gradient
Ft.	M.	°F	°C	°C/KM
150	45.7	61	16.1	-41.6
350	106.7	72	22.2	39.4
