Salt Lake City, UT 84108-1295

Dear Susan:

I am sending you 27 samples for thin sections, petrography, and x-ray diffraction analysis. For twelve of the samples I want bulk XRD analyses only. I want bulk and clay XRD analyses for the other fifteen samples. The sample numbers are listed on the attached sheet. Please send the bill to me (AFE #490925).

I am looking forward to working with you. Please call me at (707) 545-7600, ext. 127 if you have any questions.

Sincerely,

Randolph C. Thompson
Geologist
