Re: Notice of Intent to Conduct Geothermal Resource Exploration  
Operations No. U-040-GO-32

Dear Mr. Jensen:

To date the thermal gradient hole drilling operations permitted under the referenced Notice of Intent have not been carried out. It is the intention of AMAX to commence drilling operations during the spring of 1979.

The referenced Notice of Intent was due to expire on October 15, 1978. We request that an extension until October 15, 1979 be allowed. Please advise as to your decision.

Thank you.

Sincerely,
