

**INTER-OFFICE MEMORANDUM**

SUBJECT: Permit Status - 610 m  $\Delta$ T Holes, SW Utah

DATE March 3, 1978

TO: Larry Hall

FROM: H. D. Pilkington

1. On September 26, 1977 we received approval from the State of Utah to drill the following 610 m holes:

<u>Hole #</u>	<u>Location</u>	<u>Land Status</u>
755-25	SENE S2 T31S R12W	State ML-27792
777-14	NWSE S18 T25S R6W	Fee, Paxton
777-15	NWSW S36 T25S R7W	Fee, Kessler State Min.
777-16	NENE S14 T26S R7W	Fee, Yardley
777-18	NESW S12 T25S R7W	Fee, Paxton
779-26	SWSW S29 T24S R7W	Fee, Paxton

The expiration date on the permit for the above 6 holes is March 26, 1978. Please have this permit extended for one full year to March 26, 1979, if possible.

2. Also would you check to determine if the following hole was added to the State Permit as I requested after we were told by Fillmore BLM that they did not have jurisdiction over the lands with severed mineral rights:

<u>Hole #</u>	<u>Location</u>	<u>Land Status</u>
777-17	NWNW S26 T25S R7W	Fed. App. and Surface Lease

If the hole 777-17 has not been added to the permit, please obtain permit for the same from State of Utah with a one-year completion time.

INTER-OFFICE MEMORANDUM

3. We have an approved Notice of Intent U-050-GO-49 from the Warm Springs BLM Resource Area, Fillmore, Utah. The permit expires on October 1, 1978 and because of the possibility of nesting raptors, drilling should be done between May 1 and October 1. The hole location is:

<u>Hole #</u>	<u>Location</u>	<u>Land Status</u>
779-25	SWNW S33 T23S R8W	BLM

4. We have also received an approved permit from the U. S. Geological Survey for one 610 meter thermal gradient hole on Lease U-34427 in Millard County. The permit was approved December 12, 1977 and is good for one year. The permit number is AGS-69-U34427:

<u>Hole #</u>	<u>Location</u>	<u>Land Status</u>
806-5	NWSW S8 T24S R7W	BLM U-34427

5. We have not received an approved Notice of Intent from the Cedar City BLM office for our proposed 610 m hole at:

<u>Hole #</u>	<u>Location</u>	<u>Land Status</u>
755-24	NWSW S5 T31S R11W	BLM

I will follow through on the Cedar City BLM on the above application with Bill Dalness (801) 586-2401 and arrange for the required archeological examination.

6. The enclosed sheets give the information I have for each of the proposed holes.
