

INTER-OFFICE MEMORANDUM

SUBJECT: Proposed ΔT 600m Holes for SW Utah

DATE February 9, 1979

cc: L. Hall

TO: H. J. Olson

FROM: H. D. Pilkington

The proposed geothermal exploration budget anticipates some possible ΔT 600m holes to "groom" certain of our Utah properties. The following locations are proposed as possible sites for each property:

<u>Project</u>	<u>Hole #</u>	<u>Location</u>	<u>Land Status</u>	<u>Permit Status</u>
777 Thermex	Hole 1 or	NWNW Sec 2 T25S R7W	Fee surface State minerals	need
	Hole 2	SWNW Sec 15 T26S R7W	Fed. lease	need
779 OK	Hole 1 and	NWSW Sec 29 T24S R7W	Fee	need
	Hole 2	SESE Sec 28 T23S R8W	Fed. lease	need
806 Twin Peaks	Hole 1	779 will test Twin Peak anomaly		
819 Fillmore	Hole 1	NWNW Sec 11 T22S R6W	Fee	need
821 Burning Stone	already have 2 permitted
